2	dialogue	Jill	G'evening.
3	dialogue	Gillian	Ah! Hey there, Jill.
4	dialogue	Jill	...
5	dialogue	Jill	Oh. Hey, John.
6	dialogue	Gillian	...
7	dialogue	Jill	When will you admit you have a John face, Gil?
8	dialogue	Gillian	When you let people call you Jules.
9	dialogue	Jill	Quiet.
10	dialogue	Gillian	Are you okay? You look distracted.
11	dialogue	Jill	Where's Boss?
12	dialogue	Gillian	Dunno. She went out to buy some stuff and...
13	dialogue	Gillian	Did you hear what I just told you?
14	dialogue	Jill	You said something?
15	dialogue	Gillian	Yes. That you look distracted. Very, very distracted.
16	dialogue	Jill	It's nothing. I'm just thinking about... stuff.
17	dialogue	Gillian	What stuff?
18	dialogue	Jill	Well, I have to pay rent by the 30th, which is always stressful, and -
19	dialogue	Gillian	Ah.
20	dialogue	Jill	(There's also the fact that I spent a full hour yesterday apparently talking to myself.)
21	dialogue	Jill	(Not to mention the fact that two days ago, I found out the bar is at risk of closing.)
22	dialogue	Jill	(So not only is my life being shaken up, I'm apparently going crazy.)
23	dialogue	Jill	(On top of that, neutering Fore left me with a completely empty wallet and I'll get evicted if I miss rent again...)
24	dialogue	Jill	(And there're all the beer cans around my apartment, and...)
25	dialogue	Gillian	Jill!
26	dialogue	Jill	Sorry, did you say something?
27	dialogue	Gillian	...can you really work today?
28	dialogue	Jill	Of course I can!
29	dialogue	Gillian	Let's go through the basics, then, shall we? Just in case.
30	dialogue	Jill	...
31	dialogue	Gillian	If you can make a Piano Man, I'll skip the rest. But. Bear with me for a second here, okay?
32	dialogue	Jill	...
33	dialogue	Gillian	Let's start with a Sugar Rush.
34	dialogue	Gillian	Look for the recipe using the navigation bar in the recipe book that will show up on the top left.
35	dialogue	Gillian	You can also sort drinks by flavors like "Sweet" or types like "Manly".
36	dialogue	Gillian	Drag the desired amount of ingredients from their cells on the right to the shaker in the center.
37	dialogue	Jill	Gil...
38	dialogue	Gillian	When done, press the mix button, and then press it again to stop mixing.
39	dialogue	Gillian	Click the serve button or the drink itself to serve it and that'll be all.
40	dialogue	Gillian	Oh, but if the drink looks messed up, you'll need to press the Reset button and try again.
41	dialogue	Gillian	You can press Reset at any time. Even while the Shaker is moving. Don't be afraid to use it.
42	dialogue	Jill	Gil, I'm the one that went through the formal BTC instruction.
43	dialogue	Gillian	Then this should be no problem!
44	dialogue	Jill	*sigh*
45	dialogue	Jill	Here. Happy now?
46	dialogue	Gillian	A little, but not quite. Let's do one more.
47	dialogue	Jill	*sigh*
48	dialogue	Gillian	I know, I know. Please humor me for a bit.
49	dialogue	Jill	Here.
50	dialogue	Gillian	You... spent too much time mixing. It got blended and became a Sparkle Star instead.
51	dialogue	Jill	...
52	dialogue	Gillian	L-Let's try something else.
53	dialogue	Jill	Here. Happy?
54	dialogue	Gillian	Yes. Very. I stand corrected.
55	dialogue	Gillian	Now, let's get working.
56	dialogue	Jill	Here.
57	dialogue	Gillian	This is... not a Sugar Rush
58	dialogue	Gillian	Um... let's try something else.
59	dialogue	Gillian	Some drinks need to be blended.
60	dialogue	Gillian	This is done by mixing it for over five seconds. You can tell it's being blended when the shaker starts moving faster.
61	dialogue	Gillian	You also need to check if the drink should be served on the rocks or aged.
62	dialogue	Gillian	Check Ice and Age buttons on the side to select the one you need.
63	dialogue	Gillian	And in case it wasn't obvious. "On the rocks" means you have to toggle the "Ice" tab.
64	dialogue	Gillian	It should be noted that the station will add the ice after mixing.
65	dialogue	Gillian	It's not something you should mind though. Just a fun fact.
66	dialogue	Jill	...
67	dialogue	Gillian	Give me a Moonblast and I'll leave you alone.
68	dialogue	Gillian	Keep in mind what I said!
69	dialogue	Jill	Yeah, yeah...
70	dialogue	Jill	Here, did I amuse you for long enough?
71	dialogue	Gillian	You did. Sorry to hold you.
72	dialogue	Gillian	Let's get working.
73	dialogue	Jill	Yeah.
74	dialogue	Jill	Here.
75	dialogue	Gillian	Huh, you actually made the Piano Man.
76	dialogue	Gillian	I was gonna leave you alone after this one, but good to see it done.
77	dialogue	Jill	...
78	dialogue	Gillian	A-Anyways, let's start working.
79	dialogue	Jill	Yeah.
80	dialogue	Jill	Here.
81	dialogue	Gillian	Um...
82	dialogue	Gillian	Uh...
83	dialogue	Gillian	You didn't blow everything when mixing. Let's leave it at that. We need to start working.
84	dialogue	Jill	Finally.
85	dialogue	Gillian	Oh, yeah! Before I forget!
86	dialogue	Jill	Hm?
87	dialogue	Gillian	You can make any drink big by doubling the amount of ingredients.
88	dialogue	Gillian	But if the recipe already has over 10 ingredients, the drink is already big.
89	dialogue	Gillian	Oh, and if a recipe says it uses "Optional Karmotrine" it means you can use none or fill it to the brim.
90	dialogue	Gillian	Optional Karmotrine doesn't count towards making a big drink, of course.
91	dialogue	Gillian	Karmotrine is the alcoholic factor in a drink. It doesn't change the taste but the amount still has an effect.
92	dialogue	Gillian	If you add too much of it, the client will get drunk faster. So please be mindful of that.
93	dialogue	Jill	Are you done with the exposition?
94	dialogue	Gillian	Now I am. Yeah.

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand the target audience's preferences and pain points. Once a need is identified, the next step is to develop a concept that addresses this need. This concept should be innovative, feasible, and profitable. The concept is then refined through prototyping and testing, leading to the development of a final product. The product is then launched into the market, and its performance is monitored to ensure it meets the target audience's expectations.

2. The second step in the process is to develop a business plan. This plan outlines the company's mission, vision, and financial goals. It also details the marketing and sales strategies that will be used to promote the product. The business plan is a crucial document that guides the company's operations and helps to secure funding from investors.

3. The third step is to secure funding. This can be done through a variety of methods, including crowdfunding, venture capital, and bank loans. Each method has its own advantages and disadvantages, and the company must choose the one that best fits its needs. Once funding is secured, the company can begin production and distribution of the product.

4. The fourth step is to launch the product. This involves creating a marketing campaign that reaches the target audience. The campaign should highlight the product's unique features and benefits, and encourage potential customers to purchase it. The product is then distributed through various channels, such as retail stores, online marketplaces, and direct sales.

5. The fifth step is to monitor the product's performance. This involves tracking sales, customer feedback, and market trends. The company should be prepared to make adjustments to its product and marketing strategies based on this data. This step is crucial for ensuring the product's long-term success and profitability.

6. The sixth step is to scale the business. Once the product has gained traction in the market, the company should look for opportunities to expand its reach. This can be done by entering new markets, launching new products, or increasing production capacity. Scaling the business is a complex process that requires careful planning and execution.

7. The seventh step is to build a strong brand. A brand is a set of associations and perceptions that surround a product or company. Building a strong brand involves creating a consistent identity across all touchpoints, from packaging to marketing materials. A strong brand can help to differentiate the product from competitors and build customer loyalty.

8. The eighth step is to establish a network of partners and suppliers. This network is essential for the smooth operation of the business. It includes manufacturers, distributors, and other stakeholders who are involved in the production and distribution of the product. Establishing a strong network can help to reduce costs and improve the quality of the product.

9. The ninth step is to implement a robust financial management system. This system should track all financial transactions, from revenue to expenses. It should also provide regular financial reports to the company's management. A robust financial management system is crucial for ensuring the company's financial health and sustainability.

10. The tenth step is to foster a culture of innovation and continuous improvement. The business environment is constantly changing, and companies must be able to adapt to these changes. Fostering a culture of innovation encourages employees to think creatively and come up with new ideas. Continuous improvement involves regularly reviewing and refining the company's processes and products.

11. The eleventh step is to build a strong customer base. This involves providing excellent customer service and creating a sense of community around the product. Customers should feel valued and heard, and they should be encouraged to provide feedback. A strong customer base can lead to repeat purchases and word-of-mouth referrals, which are essential for the company's growth.

12. The twelfth step is to stay up-to-date with industry trends and regulations. The business landscape is constantly evolving, and companies must stay informed about the latest trends and regulations. This can be done through industry conferences, trade publications, and government agencies. Staying up-to-date helps the company to anticipate changes and make informed decisions.

13. The thirteenth step is to maintain a strong legal and ethical foundation. This involves ensuring that the company complies with all relevant laws and regulations. It also involves maintaining high ethical standards in all business dealings. A strong legal and ethical foundation is essential for the company's long-term success and reputation.

14. The fourteenth step is to build a strong team. A team is the backbone of any business, and building a strong team is crucial for the company's success. This involves hiring talented individuals, providing them with the necessary training and resources, and fostering a collaborative work environment. A strong team can drive innovation and ensure the company's goals are met.

15. The fifteenth step is to establish a strong financial foundation. This involves ensuring that the company has sufficient funds to cover its operating expenses and invest in growth. It also involves managing the company's debt and equity effectively. A strong financial foundation is essential for the company's long-term sustainability and growth.

16. The sixteenth step is to build a strong brand identity. This involves creating a unique and memorable brand that resonates with the target audience. The brand identity should be reflected in all aspects of the company's operations, from its logo to its packaging. A strong brand identity can help to build customer loyalty and differentiate the product from competitors.

17. The seventeenth step is to implement a robust data analytics system. This system should collect and analyze data from various sources, including sales, customer feedback, and market trends. The data should be used to inform the company's decision-making process and identify areas for improvement. A robust data analytics system is essential for the company's long-term success.

18. The eighteenth step is to build a strong network of industry contacts. This network can provide the company with valuable insights and opportunities. It can be built through industry conferences, trade shows, and other networking events. A strong network of industry contacts can help the company to stay up-to-date with the latest trends and regulations.

19. The nineteenth step is to establish a strong financial management system. This system should track all financial transactions, from revenue to expenses. It should also provide regular financial reports to the company's management. A strong financial management system is crucial for ensuring the company's financial health and sustainability.

20. The twentieth step is to foster a culture of innovation and continuous improvement. The business environment is constantly changing, and companies must be able to adapt to these changes. Fostering a culture of innovation encourages employees to think creatively and come up with new ideas. Continuous improvement involves regularly reviewing and refining the company's processes and products.

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand what customers want and what problems they are facing. Once a need is identified, the next step is to develop a concept that addresses this need. This is often done through brainstorming sessions with a team of designers and engineers.

2. After a concept has been developed, the next step is to create a prototype. A prototype is a small-scale model of the product that is used to test the concept and gather feedback from potential users. This can be done using a variety of materials and techniques, depending on the nature of the product.

3. Once a prototype has been created, the next step is to conduct a feasibility study. This involves assessing the technical, financial, and market viability of the product. This is often done by a team of experts who will evaluate the product against various criteria, such as cost, performance, and market demand.

4. If the feasibility study is positive, the next step is to develop a business plan. This is a document that outlines the business model, marketing strategy, and financial projections for the product. It is used to secure funding from investors and to guide the development of the product.

5. Once a business plan has been developed, the next step is to start production. This involves setting up a manufacturing process that can produce the product at scale. This is often done by partnering with a manufacturer or by setting up a production facility.

6. After production has started, the next step is to launch the product. This involves marketing the product to potential customers and distributing it through various channels. This is often done through a combination of online and offline marketing efforts.

7. Finally, the last step in the process is to monitor the product's performance and gather feedback from customers. This is used to identify areas for improvement and to make changes to the product as needed.

The process of creating a new product is a complex and iterative one that involves many steps and a lot of collaboration. It is important to have a clear vision of the product and to be open to feedback and change throughout the process.

In addition to the steps outlined above, there are several other factors that can influence the success of a new product. These include the quality of the product, the timing of the launch, and the effectiveness of the marketing strategy. It is important to consider these factors from the beginning and to make adjustments as needed.

Overall, the process of creating a new product is a challenging but rewarding one. It requires a lot of hard work and dedication, but the potential for success is great. By following the steps outlined above and being open to feedback and change, you can increase your chances of creating a successful new product.

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand the target audience and their preferences. Once a need is identified, the next step is to develop a concept that addresses this need. This is often done through brainstorming sessions and the creation of a product prototype. The prototype is then tested with a small group of users to gather feedback and make necessary adjustments. Once the product is refined, it is then ready for a full-scale launch. This involves marketing the product through various channels, such as social media, email newsletters, and direct sales. The final step is to monitor the product's performance in the market and make any necessary adjustments to ensure its long-term success.

2. The second step in the process is to develop a business plan. This document outlines the company's goals, strategies, and financial projections. It is a crucial tool for securing funding from investors and lenders. The business plan should include a detailed description of the product, the target market, the competitive landscape, and the company's marketing and sales strategy. It should also include financial statements, such as a balance sheet, income statement, and cash flow statement. The business plan is then used to guide the company's operations and to track its progress towards its goals.

3. The third step in the process is to secure funding. This can be done through a variety of methods, including crowdfunding, angel investors, venture capitalists, and bank loans. Each method has its own advantages and disadvantages, and the choice of funding source will depend on the company's specific needs and circumstances. Once funding is secured, the company can then move forward with the development and launch of its product.

4. The fourth step in the process is to launch the product. This involves creating a marketing campaign that promotes the product and attracts customers. The campaign should include a mix of online and offline marketing tactics, such as social media advertising, email marketing, and direct mail. The company should also focus on building a strong relationship with its customers through excellent customer service and ongoing communication. Once the product is launched, the company should continue to monitor its performance and make any necessary adjustments to ensure its success.

5. The fifth step in the process is to scale the business. This involves expanding the company's operations to new markets and increasing its production capacity. This can be done through a variety of methods, including opening new offices, hiring additional staff, and investing in new technology. The company should also continue to focus on innovation and product development to stay ahead of the competition. Scaling the business is a challenging task, but it is essential for long-term growth and success.

6. The sixth step in the process is to exit the business. This involves selling the company or its assets to another owner. This can be done through a variety of methods, including a management buyout, a leveraged buyout, or an initial public offering (IPO). The exit strategy should be developed from the beginning and should be based on the company's specific circumstances and goals. The exit process can be complex and time-consuming, but it is a necessary step for the founder to realize their financial goals and move on to other ventures.

7. The seventh step in the process is to reflect on the journey. This involves taking time to think about the challenges and successes of the business and to learn from the experience. This can be done through journaling, mentoring, or simply talking to friends and family. Reflecting on the journey is an important part of the entrepreneurial process, as it allows the founder to gain valuable insights and to make improvements for future ventures.

8. The eighth step in the process is to give back to the community. This involves using the company's resources to support social and environmental causes. This can be done through a variety of methods, including donating to charity, sponsoring community events, and implementing sustainable business practices. Giving back to the community is an important part of being a responsible business owner and can help to build a strong reputation for the company.

9. The ninth step in the process is to stay motivated and focused. This involves setting clear goals and staying committed to them, even in the face of challenges and setbacks. This can be done through a variety of methods, including creating a vision board, seeking support from mentors and friends, and practicing self-care. Staying motivated and focused is essential for the success of any business venture.

10. The tenth step in the process is to celebrate success. This involves taking time to acknowledge and celebrate the achievements of the business and the team. This can be done through a variety of methods, including throwing a party, giving out awards, and simply taking a moment to appreciate the hard work and dedication of everyone involved. Celebrating success is an important part of the entrepreneurial journey and can help to boost morale and motivation.

2	undefined	undefined	dialogue	Jill	This is good, really good.
3	undefined	undefined	dialogue	Jill	You have no idea how good I've wanted some curry.
4	undefined	undefined	dialogue	Jill	I remember I meant to eat some, but then I had to pay for some drinks I spilled on the floor.
5	undefined	undefined	dialogue	Jill	That screwed up my budget.
6	undefined	undefined	dialogue	Virgilio	It's the least I can do after being such an obnoxious client.
7	undefined	undefined	dialogue	Jill	Yeah, about that. Mind if I ask something? Mister... Timothy Mercuur.
8	undefined	undefined	dialogue	Virallio	So you know?
9	undefined	undefined	dialogue	Jill	It's a small city. Turns out two very grateful girls soon became regulars and both of them were related to you.
10	undefined	undefined	dialogue	Virallio	So what's your question, Bartender?
11	undefined	undefined	dialogue	Jill	Call me Jill.
12	undefined	undefined	dialogue	Jill	Two questions, actually.
13	undefined	undefined	dialogue	Jill	The first one is, why did they brand you as a traitor? Because you killed the other guy?
14	undefined	undefined	dialogue	Jill	I don't know. It sounds weird considering the other guy assaulted two little girls.
15	undefined	undefined	dialogue	Virallio	It was a cover up.
16	undefined	undefined	dialogue	Virgilio	The guy was my superior.
17	undefined	undefined	dialogue	Virallio	A high-ranking officer like him, assaulting innocent civilians? That would be unthinkable... on paper at least.
18	undefined	undefined	dialogue	Virallio	On record, I hurt the girls and killed him before another unit subdued me, then I escaped from their custody.
19	undefined	undefined	dialogue	Virallio	In reality...
20	undefined	undefined	dialogue	Jill	That's all I needed to know. Sorry for bringing that up.
21	undefined	undefined	dialogue	Jill	Didn't you have another question?
22	undefined	undefined	dialogue	Virallio	Yeah. How did you build this restaurant so fast?
23	undefined	undefined	dialogue	Jill	It's a small city. Turns out two very grateful girls tracked me down to thank me.
24	undefined	undefined	dialogue	Virgilio	One of them was rich and the other noticed I smelled like curry.
25	undefined	undefined	dialogue	Jill	Heh... those two are really nice girls, huh?
26	undefined	undefined	dialogue	Jill	They didn't deserve what that bastard did to them.
27	undefined	undefined	dialogue	Virallio	Excuse me.
28	undefined	undefined	dialogue	Stella	Oh, speaking of the angels.
29	undefined	undefined	dialogue	Sei	Timmy! Two special curries, please.
30	undefined	undefined	dialogue	Sei	Oh, hi Jill!
31	undefined	undefined	dialogue	Stella	Oh ood! I can't believe I'm actually here! The concert will begin any second now!
32	undefined	undefined	dialogue	Stella	KYAAAAAHHHHHHHH!
33	undefined	undefined	dialogue	Jill	Wow, I've never seen her so openly excited before.
34	undefined	undefined	dialogue	Sei	Don't talk too loudly or you'll startle her.
35	undefined	undefined	dialogue	Sei	It's always nice to see her so happy she doesn't give a damn and lets herself go.
36	undefined	undefined	dialogue	Jill	You sure you don't mind me?
37	undefined	undefined	dialogue	Sei	Of course not! That way I won't be the only one with little clue as to what's going on!
38	undefined	undefined	dialogue	Sei	It's true that you've served this «Kira» Miku girl at the bar?
39	undefined	undefined	dialogue	Jill	As amazing as it sounds.
40	undefined	undefined	dialogue	Jill	Really nice girl... if a bit oblivious to the risk some people represent.
41	undefined	undefined	dialogue	Sei	How so?
42	undefined	undefined	dialogue	Jill	She doesn't mind stalkers and such.
43	undefined	undefined	dialogue	Sei	Oh.
44	undefined	undefined	dialogue	Jill	How's your wound?
45	undefined	undefined	dialogue	Jill	Arm's doing fine, eye's healing nicely, and I can sleep better at night.
46	undefined	undefined	dialogue	Sei	Just what transpired inside that bank?
47	undefined	undefined	dialogue	Jill	It's not important anymore.
48	undefined	undefined	dialogue	Sei	What's important is that Stella will get me a job after I heal!
49	undefined	undefined	dialogue	Jill	She will!
50	undefined	undefined	dialogue	Sei	She's rebuilding a new armor set for me and wants me to be her bodyguard.
51	undefined	undefined	dialogue	Jill	I'd be paid for something I do anyways and I'll get to spend more time with her!
52	undefined	undefined	dialogue	Sei	That's nice.
53	undefined	undefined	dialogue	Jill	I'd like to spread out and help more people, but it's a nice start.
54	undefined	undefined	dialogue	Jill	You want to be a villain, then?
55	undefined	undefined	dialogue	Sei	Maybe.
56	undefined	undefined	dialogue	Stella	KYAAAAAHHH! SHE'S COMING OUT! IT'S HERE! IT'S ACTUALLY HERE!
57	undefined	undefined	dialogue	Sei	Look, it started.
58	undefined	undefined	dialogue	Sei	Are you here, Jill? This song is for you!
59	undefined	undefined	dialogue	Jill	...what?
60	undefined	undefined	dialogue	Dorothy	So yeah, the guy had a fantasy about a woman castrating him.
61	undefined	undefined	dialogue	Dorothy	I tried for an hour to convince him it's a bad idea, and I finally got to him.
62	undefined	undefined	dialogue	Dorothy	We finally move to the bedroom, and it turns out the guy has a weird implant where his testicles should be.
63	undefined	undefined	dialogue	Dorothy	It's basically a removable ball sack!
64	undefined	undefined	dialogue	Dorothy	I suppose the guy really liked that fantasy and made sure he could live it out properly.
65	undefined	undefined	dialogue	Anna	I once saw a guy at the hospital in the emergency room, after having been castrated to fulfill a fantasy.
66	undefined	undefined	dialogue	Anna	I wonder if it's the same guy.
67	undefined	undefined	dialogue	Jill	I have enough problems with just one, you know?
68	undefined	undefined	dialogue	Dorothy	Just one what?
69	undefined	undefined	dialogue	Jill	Uh... um...
70	undefined	undefined	dialogue	Anna	Heheh.
71	undefined	undefined	dialogue	Jill	With just listening to one of your anecdotes.
72	undefined	undefined	dialogue	Jill	You told me about the Neo-Tiurana thing, and now this. Don't you have a more... subdued story?
73	undefined	undefined	dialogue	Anna	Come on! So, you're an adult. You can take that much.
74	undefined	undefined	dialogue	Jill	(Shut up.)
75	undefined	undefined	dialogue	Dorothy	Well...
76	undefined	undefined	dialogue	Dorothy	Last time I spoke with my mom, I asked her the story of her daughter. Turns out her name was Anna.
77	undefined	undefined	dialogue	Jill	And...
78	undefined	undefined	dialogue	Anna	And now you pretend it's a surprise?
79	undefined	undefined	dialogue	Jill	(Quiet you.)
80	undefined	undefined	dialogue	Dorothy	She fought against Nanomachine Rejection for most of her life.
81	undefined	undefined	dialogue	Dorothy	She even lost a girlfriend she made in the hospital to that same sickness.
82	undefined	undefined	dialogue	Dorothy	Apparently sometime after she got out of treatment, a truck hit her and killed her.
83	undefined	undefined	dialogue	Dorothy	But even then, she was amazing!
84	undefined	undefined	dialogue	Jill	She was?
85	undefined	undefined	dialogue	Anna	EH?
86	undefined	undefined	dialogue	Dorothy	Yeah! She kept up her studies while still in the hospital! She was a self-taught honor student!
87	undefined	undefined	dialogue	Dorothy	Not only that, but she also ranked among the top five candidates in at least three college admission exams!
88	undefined	undefined	dialogue	Anna	She also played the piano and guitar!
89	undefined	undefined	dialogue	Anna	Well, being confined to a room does that. I guess.
90	undefined	undefined	dialogue	Dorothy	I mean, fully able-bodied people can barely do half of that...
91	undefined	undefined	dialogue	Dorothy	But she practically accomplished all that by herself!
92	undefined	undefined	dialogue	Dorothy	And she also beat Nanomachine Rejection! A disease that only 2% of humans suffer, and even less survive.
93	undefined	undefined	dialogue	Dorothy	It took a trucking truck to take her down. She was great! And to think I'm sort of like her sister...
94	undefined	undefined	dialogue	Jill	Heh... silly Becky.
95	undefined	undefined	dialogue	Anna	Honey, did you say something?
96	undefined	undefined	dialogue	Anna	-!
97	undefined	undefined	dialogue	Jill	Hm? I did not.
98	undefined	undefined	dialogue	Dorothy	Weird. I swear I heard somebody call me "Silvy Becker".
99	undefined	undefined	dialogue	Jill	-!
100	undefined	undefined	dialogue	Jill	Come again?
101	undefined	undefined	dialogue	Dorothy	It's not uncommon for me to hear stuff from far away and think I've heard it nearby, but...
102	undefined	undefined	dialogue	Dorothy	You're the only one nearby that knows my real name, so it was weird.
103	undefined	undefined	dialogue	Dorothy	Oh well. As I was saying, the ballcock saw.
104	undefined	undefined	dialogue	Jill	I can't believe you actually made me do that sleeperthing thing.
105	undefined	undefined	dialogue	Alma	You didn't have to accept, you know?
106	undefined	undefined	dialogue	Jill	Shut up...
107	undefined	undefined	dialogue	Gaby	I'm having a good time!
108	undefined	undefined	dialogue	Alma	See? Even Gaby's having fun. Relax a bit!
109	undefined	undefined	dialogue	Jill	Yeah, whatever.
110	undefined	undefined	dialogue	Gaby	You know, Alma. You remind me a bit of my sis.
111	undefined	undefined	dialogue	Alma	I do? How?
112	undefined	undefined	dialogue	Gaby	You always manage to get a reaction from Jill.
113	undefined	undefined	dialogue	Gaby	Sis always said that Jill acknowledging your presence is the best way to know she likes you.
114	undefined	undefined	dialogue	Jill	You're talking too much, Gaby.
115	undefined	undefined	dialogue	Alma	Aw...
116	undefined	undefined	dialogue	Gaby	It's different with you, though.
117	undefined	undefined	dialogue	Gaby	With my sis, Jill was more... frustrated.
118	undefined	undefined	dialogue	Gaby	Like this one time where she bought her a shirt that...
119	undefined	undefined	dialogue	Jill	You're talking too much, little girl.
120	undefined	undefined	dialogue	Alma	A shirt that what?
121	undefined	undefined	dialogue	Gaby	That had a pic of a cucumber on it!
122	undefined	undefined	dialogue	Alma	Cucumber?
123	undefined	undefined	dialogue	Jill	U-um... CWW! Just what are you doing with my hair?
124	undefined	undefined	dialogue	Alma	Sorry, it got stuck in one of my fingers.
125	undefined	undefined	dialogue	Jill	Seriously...
126	undefined	undefined	dialogue	Alma	So I'm a bit like Lenore then?
127	undefined	undefined	dialogue	Gaby	N-No, you just remind me of her a bit.
128	undefined	undefined	dialogue	Gaby	Moreover, my sister wasn't as... um... as...
129	undefined	undefined	dialogue	Alma	As... What this girl is trying to say is that with your tits and ass, you could build a Lenore and a half out of the mass.
130	undefined	undefined	dialogue	Jill	That just means there's enough to share with both of you.
131	undefined	undefined	dialogue	Gaby	S-Sharrr?
132	undefined	undefined	dialogue	Jill	...you're talking too much, Alma.
133	undefined	undefined	dialogue	Gillian	I guess this is where we part ways, huh?
134	undefined	undefined	dialogue	Gillian	Sigh. I'm bound to this city. I can only faintly my identity effectively around here.
135	undefined	undefined	dialogue	Gillian	I really want to thank you, Chief, for this second chance you gave me.
136	undefined	undefined	dialogue	Dana	I've never crossed paths again. I...
137	undefined	undefined	dialogue	Gillian	GL we're leaving for like a week and a half or something. Don't be so dramatic.
138	undefined	undefined	dialogue	Gillian	But I...
139	undefined	undefined	dialogue	Dana	AND you're taking care of my apartment. We will cross paths because I live there.
140	undefined	undefined	dialogue	Dana	The time you spend setting up a useless farewell could be used asking me things about the place.
141	undefined	undefined	dialogue	Dana	Like where the switches and valves are.
142	undefined	undefined	dialogue	Gillian	But I already know. There's in that control panel you made.
143	undefined	undefined	dialogue	Dana	But I like talking about that control panel. I'm proud of it.
144	undefined	undefined	dialogue	Dana	Speaking of obsessive likes...
145	undefined	undefined	dialogue	Dana	Jill! Stop calling Amittape! She'll take care of your Fore Ball just fine.
146	undefined	undefined	dialogue	Jill	I'm not worried about him. I'm worried about me!
147	undefined	undefined	dialogue	Jill	I've never been away from Fore this long. I don't what I'll do!
148	undefined	undefined	dialogue	Dana	You'll do just fine. You did pretty well for at least 25 years before finding him.
149	undefined	undefined	dialogue	Jill	Yes, but...
150	undefined	undefined	dialogue	Dana	WERE LEAVING!
151	undefined	undefined	dialogue	Dana	Oh yeah, before I forget.
152	undefined	undefined	dialogue	Dana	I left you a box of condoms on the first drawer of the desk, Gil.
153	undefined	undefined	dialogue	Gillian	You what?
154	undefined	undefined	dialogue	Jill	You what?
155	undefined	undefined	dialogue	Dana	Hey, if he wants to bring his new girlfriend or whatever here, I want him to be ready!
156	undefined	undefined	dialogue	Dana	Oh, but just one condition. If you gonna fuck like rabbits, stay away from my room.
157	undefined	undefined	dialogue	Dana	I have too many pics of my enmity there and I don't want their eyes soaked.
158	undefined	undefined	dialogue	Jill	Imowho?
159	undefined	undefined	dialogue	Dana	Little sister.
160	undefined	undefined	dialogue	Jill	Then just say little sister.
161	undefined	undefined	dialogue	Dana	Yeah, whatever.
162	undefined	undefined	dialogue	Dana	First stop, Panamal!
163	undefined	undefined	dialogue	Jill	Sigh. To think I'd be evicted...
164	undefined	undefined	dialogue	Alma	They are pretty ruthless. They don't even allow you to skip one month?
165	undefined	undefined	dialogue	Jill	I... was two months late already, actually.
166	undefined	undefined	dialogue	Alma	*sigh* Jill, Jill...
167	undefined	undefined	dialogue	Alma	At least I wasn't because you spent too much money on useless stuff, right?
168	undefined	undefined	dialogue	Jill	...right?
169	undefined	undefined	dialogue	Jill	About that...
170	undefined	undefined	dialogue	Alma	Forget it. I don't wanna hear.
171	undefined	undefined	dialogue	Alma	Let's go to sleep. Tomorrow you'll reappear and think what to do next.
172	undefined	undefined	dialogue	Jill	-Y-Yeah.
173	undefined	undefined	dialogue	Jill	Thanks for letting me stay here by the -- WHOO! Your bed is huge!
174	undefined	undefined	dialogue	Alma	A Queen size. Considering I lived with a guy for at least four years...
175	undefined	undefined	dialogue	Alma	I can get lonely, but also really comfortable. Just like single life I guess.
176	undefined	undefined	dialogue	Alma	Here you don't mind sleeping with me, but there's not enough space for the future in here.
177	undefined	undefined	dialogue	Jill	I haven't slept in a mattress in... fuck, over two years now.
178	undefined	undefined	dialogue	Alma	That can be good for your back.
179	undefined	undefined	dialogue	Jill	And bad for my morale.
180	undefined	undefined	dialogue	Jill	Anyways, good night.
181	undefined	undefined	dialogue	Alma	Nichy night.
182	undefined	undefined	dialogue	Jill	...
183	undefined	undefined	dialogue	Jill	(It's hot in here.)
184	undefined	undefined	dialogue	Jill	(Having her hug me certainly doesn't help.)
185	undefined	undefined	dialogue	Jill	(I don't wanna wake her up either, she looks so comfortable right now.)
186	undefined	undefined	dialogue	Jill	*sigh*
187	undefined	undefined	dialogue	Jill	(I wonder if Boss would let me crash in her place.)
188	undefined	undefined	dialogue	Jill	(Oh well, let's just try to sleep a bit and...)
189	undefined	undefined	dialogue	Jill	(No Fore, go away.)
190	undefined	undefined	dialogue	Jill	(No, you piece of fur don't you dare sleep on my fa--)
191	undefined	undefined	dialogue	Jill	MMMMPH.

2	undefined	undefined	dialogue	Dana	Hey Jill, come here a sec.
3	undefined	undefined	dialogue	Jill	Boss?
4	undefined	undefined	dialogue	Dana	Why don't you take a seat?
5	undefined	undefined	dialogue	Jill	What?
6	undefined	undefined	dialogue	Dana	Take a seat. Over there.
7	undefined	undefined	dialogue	Jill	Okay...
8	undefined	undefined	dialogue	Dana	Are you okay? You're not just spamming the easiest drinks, right?
9	undefined	undefined	dialogue	Jill	Well...
10	undefined	undefined	dialogue	Dana	Why don't you go home today? Get some rest, I'll take it from here.
11	undefined	undefined	dialogue	Jill	B-But Boss...!
12	undefined	undefined	dialogue	Dana	Don't you ButtBoss me, young lady.
13	undefined	undefined	dialogue	Jill	Butt... eh?
14	undefined	undefined	dialogue	Dana	I need you in top form for the whole team.
15	undefined	undefined	dialogue	Dana	Get some rest, clear your mind.
16	undefined	undefined	dialogue	Dana	I'm sending you to the bench, soldier.
17	undefined	undefined	dialogue	Jill	(Bench? Soldier? ButtBo- ... what?)
18	undefined	undefined	dialogue	Dana	...
19	undefined	undefined	dialogue	Jill	Boss?
20	undefined	undefined	dialogue	Dana	Jill, why don't you take the rest of the day off?
21	undefined	undefined	dialogue	Jill	Huh? Why?
22	undefined	undefined	dialogue	Dana	I have reasons to believe you've been just spamming the easiest drinks over and over again.
23	undefined	undefined	dialogue	Jill	I... have?
24	undefined	undefined	dialogue	Dana	You most certainly have.
25	undefined	undefined	dialogue	Dana	Don't worry, I'll take it from here. Just get some rest, will you?
26	undefined	undefined	dialogue	Dana	Oh, and... leave the rum.
27	undefined	undefined	dialogue	Dana	That's um... punishment. Yeah, let's go with that.
28	undefined	undefined	dialogue	Jill	...right.
29	undefined	undefined	dialogue	Dana	Hey Jill.
30	undefined	undefined	dialogue	Jill	...hm?
31	undefined	undefined	dialogue	Dana	Let's go out for a bit.
32	undefined	undefined	dialogue	Jill	Why?
33	undefined	undefined	dialogue	Dana	You've been spamming easy drinks for too long.
34	undefined	undefined	dialogue	Jill	...
35	undefined	undefined	dialogue	Dana	Come on. Come here. Gil will take care of the fort while we hang out.
36	undefined	undefined	dialogue	Dana	JIIIIIIIIIIIIIIIIILL!!
37	undefined	undefined	dialogue	Jill	
38	undefined	undefined	dialogue	Jill	
39	undefined	undefined	dialogue	Dana	I was... and I came back because you've been slacking off!
40	undefined	undefined	dialogue	Jill	
41	undefined	undefined	dialogue	Dana	Yes! You've been serving easy drinks one after the other, haven't you? Wrong drinks at that.
42	undefined	undefined	dialogue	Jill	
43	undefined	undefined	dialogue	Jill	
44	undefined	undefined	dialogue	Dana	I just know. Just like I know you should take a rest.
45	undefined	undefined	dialogue	Dana	I'll take it from here.
46	undefined	undefined	dialogue	Jill	Don't you think taunting me for serving "easy drinks" of all things is too much?
47	undefined	undefined	dialogue	Dana	Then go get some rest or I shall taunt you a second time.
48	undefined	undefined	dialogue	Dana	Jill, you need to stop.
49	undefined	undefined	dialogue	Jill	Boss?
50	undefined	undefined	dialogue	Dana	You can't just go serving easy drinks that aren't even the right ones are even trying?
51	undefined	undefined	dialogue	Jill	...
52	undefined	undefined	dialogue	Dana	Why the smirk?
53	undefined	undefined	dialogue	Dana	...it's the helmet, isn't it?
54	undefined	undefined	dialogue	Jill	...
55	undefined	undefined	dialogue	Dana	Just go home, you're grounded for today, young lady.
